NUMBER 18.

City to Decide Paving on Main And Fannin Tuesday; Election of New Commissioners on April 7

Residents on South Main, Speaking at Special Session in Interest of Paving, Told to Present Petition to Commission

A number of prominent citizens living on South Main street, interrupting the special session of the city commissioners Tuesday night at the city hall, spoke in interest of paving the strip on that street between the end of the paving and the city limits, and were instructed to circulate a petition among the residents of that portion of the street for presentation at the regular meeting of the commission Tuesday afternoon.

The business for which the special session was called, that of setting a date and arranging details for the election of commissioners to succeed W. W. Bennett and E. M. Rogers, whose terms of office expire this year, was completed, April 7 was set as election day. A. M. Hatt was appointed presiding officer for the election.

W. W. Bennett, commissioner from the west side, when questioned yesterday, declared that it was not his present intention to run for reelection. He said that the work for which he was elected, that of building a new high school, had been done, and that he felt he would be justified in retiring from the office. He said that he would support for his successor any competent man who included in his platform necessary paving for the main city streets. Who will enter the race for Mr. Bennett's place has not yet been announced.

E. M. Rogers, commissioner from the east side, stated that he had not fully decided upon what course he would take, but that he would make a definite announcement at the regular meeting of the commissioners Tuesday afternoon. No other persons have announced to succeed Mr. Rogers.

Commissioners believe that the paving project on South Main street will pass without trouble when the petition is presented Tuesday. Whether or not a bond election will be called to pay for the city's part is not at present known, although it is intimated that the city might finance its share without an election. The project may be broadened, it is stated, to include Fannin street between Paradise and Texas.

Speaking at the last meeting, Dr. W. R. Moore, Fred Russell and B. Daniels, residents on South Main street, strongly urged the paving of that portion, stating that it was one of the roughest stretches of street in the city and one of the most used, being on the road to the oil field. A number of other citizens were present at the meeting, and were practically a unit in backing the stand taken by Dr. Moore, Mr. Russell and Mr. Daniels.

When the commissioners asked them to present a signed petition at the next meeting, it is stated, the intention was to ascertain just how many of the residents were willing to pay a share in the paving project. It was hinted that if only a few did not sign, their shares might be prorated among the willing residents and the paving done any way.

Wilbarger County to Remain in Seventh Civil Appeals Court

The bill of Senator Carl C. Hard, of Stephenville, passed finally by the senate, creating a new court of civil appeals, leaves Wilbarger county out of the proposed new district and in the seventh district, and designates Eastland as the domicile of the eleventh district court.

Two other rival bills proposed, one by Senator J. D. Parnell, of Wichita Falls, providing the location of the new court including Wilbarger county under its jurisdiction and naming Wichita Falls as domicile, were not acted upon.

WARNS MERCHANTS ON CASHING MONEY ORDERS

Postmaster C. J. Farrell issued a warning to local merchants not to cash money orders for customers unless they could positively identify those who presented them. He said that during the past few weeks cashing of stolen money orders has been general over the country and a number of merchants have suffered. No cases have been reported in the city, he said, but precautions should be taken for protection.

HARROLD COUPLE MARRIED 57 YEARS

MR. AND MRS. J. M. LUTTRELL CELEBRATE ANNIVERSARY OF WEDDING TUESDAY

The home of Mr. and Mrs. J. M. Luttrell, in Harrold, was the scene of a very beautiful event Tuesday, March 3, when their children, grand-children and great-grand-children gathered to celebrate their 57th wedding anniversary.

The children brought the dinner already prepared and spread a sumptuous feast. Mr. Luttrell is 76 and Mrs. Luttrell 74, but they are enjoying very good health, and on this occasion she said she was "as happy as a June bug." They are the parents of 14 children, 11 of whom are living. They have been living in Wilbarger county twenty years, coming here from Williamson county. He has served two terms as County Commissioner. They are loved and honored by a host of friends who wish for them many more anniversaries of that happy marriage.

Those present to participate in this beautiful event were: J. M. Luttrell and Mrs. J. M. Luttrell, honorees, Mrs. Roy Johnston, Mrs. Carroll Lancaster, Geneva Lancaster, Kathleen Lancaster, and Mrs. W. T. Compton, all of Taylor, Texas, Mr. and Mrs. R. L. Luttrell, Mr. and Mrs. Ira Luttrell, Lynn Luttrell, Cecil Luttrell, Mr. and Mrs. F. H. Henderson, E. M. Yerby, Lorene Yerby, and Lee Roy Yerby, all of Elliott, Mr. and Mrs. Otis Luttrell, Wayne Luttrell, Mary Nell Luttrell, Mr. and Mrs. E. R. White, Clara Maye White, Myrtle White, Fay White, Jimmie White, Roy Wilson White, Ruby Corder, Charlie Corder, all of Harrold, Mr. and Mrs. A. H. Luttrell, Mona Ruth Luttrell, James Alva Luttrell, Phoenix, Ariz., Mr. and Mrs. I. G. Luttrell, Mr. and Mrs. Buford Luttrell, Buford Luttrell, Jr., Wildcat, Mr. and Mrs. W. C. Luttrell, Dortha Luttrell, Rev. and Mrs. F. T. Johnson, of Vernon.

Many Reductions in New Express Rates, Says Local Agent

Changes in express rates and charges ordered by the Interstate Commerce Commission, effective March 1, will result in many economies for shippers, according to H. Waggoner, agent of the American Railway Express Company in this city. The new rates go into effect throughout the United States, stated Mr. Waggoner, changing practically every basic rate per 100 pounds, and while not applying to Texas interstate traffic at present, application has been made to apply the new rates on such business, and the State Commission is expected to take action on the matter.

While there are some increases in rates, applying particularly in the eastern territory, Mr. Waggoner states that the general trend is downward, and lower rates will prevail in the greater part of the country, particularly in the South and West. He states this should be good news to Texas merchants who deal heavily in the Eastern markets, as they are thus enabled to reduce their transportation costs substantially.

Mr. Waggoner advises shippers to investigate the new rates and will be glad to give any information at his command. He points out that in many cases express rates and charges under the new schedule will be found to be less than the charge made by other transportation agencies.

W. J. BANKSTON DIES NEAR CHILLICOTHE

W. J. Bankston, former Vernon man, died at his home near Chillicothe Tuesday after a brief illness. Interment took place Wednesday afternoon at the Big Valley cemetery near Chillicothe.

Fire At Condon Springs.

A small fire at the residence of James Condon at Condon Springs was extinguished at six o'clock Wednesday morning before much damage was done. Members of the local fire department answered the call, but, acting under a recent order of the city commission, did not take the trucks.

C. OF C. TO FAVOR PROPER BRANCH OF BUILDING AND LOAN

Thorough Investigation of Propositions Made To Be Had Before Definite Action for Establishment Here Is Taken

The board of directors of the local Chamber of Commerce declared at its regular meeting last night that it would be favorable to the establishment of a branch office of a reputable building and loan association here if the proper arrangements could be made. A thorough investigation of propositions submitted by a number of large outside concerns will be made and it is hoped that definite plans will be had for action of the body in a short time.

R. M. Fielder, secretary of the Chamber of Commerce, conferred with officials of a large concern in Wichita Falls yesterday, and reported to the board of directors here last night. The company has shown great interest in the establishment of a branch here, having sent a representative to the city to survey the situation and discuss the matter with prominent local business men.

The directors of the Wichita Falls building and loan concern meet today at noon when they are expected to make a final decision as to the proposed step and formulate plans for its ingress here. Word is expected from them this afternoon or tomorrow night, and soon after action on the proposal may be taken by the directors of the Chamber of Commerce.

It is intimated that the Chamber of Commerce will be favorable to the establishment of a branch of this concern, but no definite decision can be made until the details of its plans are learned.

BRIDGE COMPANY SUIT DISMISSED

ATTORNEYS FOR LOCAL MEN NOTIFIED OF ACTION OF OKLAHOMA PARTIES

The suit against the Interstate Bridge Company, owners of the toll bridge between Vernon and Altus, on Red River near Odell, and against A. P. Pock, J. C. Hickernell and R. H. Coffee has been dismissed on motion of the plaintiffs and at their cost, according to advices to attorneys representing the local men involved in the litigation.

The petition in the suit, which was originally filed in district court at Altus, was signed by certain Oklahoma stockholders in the Bridge Company, alleging fraud in the sale of stock and praying for cancellation of stock and judgment for money given in payment for stock, with interest thereon.

The case was transferred to Federal Court in Oklahoma City on motion of the defendants and has been dormant for some time. Attorneys for the Bridge Company and the Vernon men involved in the suit were advised this week by attorneys for the plaintiffs that the case had been dismissed at their cost. Defendants and their attorneys here regard this action as an admission on the part of the plaintiffs that there was no real basis for court action.

Bass and Crockett Fishing in Kemp Forbidden for Time

According to B. Daniels, vice president of the North Texas Game and Fish Association, the special game fishing law applied for to the state legislature pertaining to Lake Kemp and other waters in this section has not yet been passed.

Mr. Daniels stated however that there is a state law prohibiting fishing for bass and crockett in public streams and creeks during the months of March and April which will apply to Lake Kemp. Channel cat and other fish may still be caught, he said.

Arrest Six Negroes.

Deputies Bob Walker and Garland Elliott, of the sheriff's department, arrested six negroes here last night on charges of gambling. They are being held in the county jail, pending the filing of complaints.

Sculptor in Memorial Squabble

Gutzon Borglum, famous sculptor of the Confederate Memorial on the face of Stone Mountain, near Atlanta, Ga., was summarily dismissed by the committee in charge of the construction of the statue. It is charged that Borglum then destroyed the precious models and plans of the memorial and suit for \$50,000 was begun against him for alleged vandalism.

JUNIORS READY FOR TOURNAMENT

GAMES FOR COUNTY TITLE TO BEGIN TOMORROW MORNING AT JUNIOR HIGH

Arrangements are made and everything is ready for the basketball tournament of the junior boys in the county high schools tomorrow. Nearly 20 teams are expected to be represented at the drawing for matches at 9:30 o'clock tomorrow morning at the junior high school building, and the games will start on the courts there immediately after the schedule of places is arranged.

There will be at least two games played at one time, according to the present plans of those in charge of the matches, and in addition there may be games between the girls on the other courts at the school.

The preliminary games are expected to be finished by noon or soon after, leaving the semi-finals and final matches for the afternoon when the champion team of the county will be decided and a title banner awarded. No award will be made in the girls' division, it is stated, as the matches are being arranged only upon request to provide competition in that branch.

Much enthusiasm has been shown by the schools throughout the county and rivalry is expected to run high. Although the same brand of basketball as was brought out in the regular county meet recently is not expected, it is predicted that the junior boys will fight just as stubbornly and that the games will really prove more interesting.

Records of games between the different teams which will be entered in the meet during the season just past indicate that they are very evenly matched and that all will enter the tournament favorably with their own supporters.

Conches Wilemon and Baggett, of the Vernon high school team, have been selected to referee the matches.

Criminal Docket Tried.

The criminal docket in county court has been disposed of this week by Judge James V. Townsend. A few misdemeanor cases were tried during the court, and a number of pleas of guilty were entered and sentences given.

FORMER RESIDENT OF VERNON DEAD

MRS. MAMIE DODSON FISHER SUCCEUMS TO ATTACK OF INFLUENZA AT DALLAS

Mrs. Mamie D. Fisher, 49, formerly of Vernon, died at her home in Dallas early yesterday morning from an attack of influenza. The body was shipped here for burial, arriving on the early Fort Worth & Denver train this morning. The funeral was conducted from the residence of Dr. J. E. Dodson, brother of the deceased, on West Wilbarger street this morning at 10 o'clock by Rev. C. A. Bickley, pastor of the First Methodist church. Interment was made in the Dodson family burial ground in East View cemetery.

Mrs. Fisher is survived by her husband, C. H. Fisher, four brothers, R. E. Dodson of San Antonio, Dr. J. E. Dodson, Vernon, J. M. Dodson, Ranger, and C. A. Dodson, Dallas; and two sisters, Mrs. T. G. Lomax, Wichita Falls, and Mrs. L. H. Squires, Dallas.

Pall bearers were Judge J. V. Townsend, F. L. Massie, J. M. Napper, F. E. Murchison, R. L. More and R. D. Shive.

Until her marriage Mrs. Fisher spent most of her life in Vernon. She was a daughter of Dr. J. E. Dodson, senior, who was one of the pioneer physicians of Vernon and Northwest Texas. She was a member of the Methodist church. She has made her home in Dallas for a number of years. Her health has been poor for sometime, but the news of her death came as a shock to local relatives and friends. She was known to be ill but her condition was not regarded as serious. Her brother, J. M. Dodson, of Ranger, was at her bedside when she died. Her sister, Mrs. Squires, is also ill in Dallas.

Interesting Sermons Arranged for Month in Methodist Church

According to announcement by Rev. C. A. Bickley, pastor of the Methodist church here, two interesting series of sermons have been arranged for this month at the church. Morning sermons at 11 o'clock will be: March 8, "The Sunday School and the Revival"; March 15, "The Home and the Revival"; March 22, "Is the Old Time Revival a Thing of the Past?" Evening sermons at 7:30 o'clock: March 8, "Man or Monkey"; March 15, "Is Jesus Divine?"; March 22, "Did Jesus Rise From the Dead?"; March 29, "Who Is the Devil?"

CONTRACT FOR RED RIVER BRIDGE MAY BE SIGNED SHORTLY

Bovay Expected in Frederick in Few Days to Complete Arrangements for Construction of Bridge North of Oklaunion

Details for the construction of a toll bridge over Red River between Oklaunion and Davidson have been practically completed, it is announced, and a permit will be given Harry E. Bovay, of Stuttgart, Ark., prominent bridge builder, by the commissioners' court of Tillman county, Okla. Mr. Bovay is expected in Frederick in a few days when the contract will be signed.

At a meeting in Frederick, February 21, between representatives of Wilbarger and Tillman counties, Dr. S. M. Johnson, general director of the Lee Highway, of which the bridge will form a link, and Mr. Bovay, it was agreed that the commissioners of the two counties would construct and maintain roads to the bridge if the contract for it was signed.

Permission for building the bridge was not necessary from the Wilbarger county commissioners, it was stated, as the south half of Red River is government property and the northern boundary of Texas stops at the bank. The state of Oklahoma owns the northern half of the river, and a permit had to be obtained before any contract could be signed from the commissioners' court of Tillman county. The permit was held up for a few days until details could be thrashed out on the Oklahoma side.

The proposed bridge will be the best pile bridge in the southwest, it is stated by those in authority, a pile bridge having been agreed upon when the engineers of Mr. Bovay surveyed the river and declared it impracticable to build one of reinforced concrete as had first been suggested. The entire project will be financed by Mr. Bovay, who will operate it upon a toll basis. Special rates for the passage of local travel will be given, Mr. Bovay said when in Frederick two weeks ago, and will be included in the contract.

The construction, pending the signing of the contract, will begin June 1, and it is expected that the bridge will be completed in 90 to 100 days. Due to the usual high waters in Red River during the months of April and May, it was stated, work could not begin right away.

LOCAL ROTARIANS TO GO TO MEETING

FOUR DELEGATES TO ATTEND DISTRICT CONVENTION IN GALVESTON MONDAY

O. A. Brunson, president of the local Rotary club, E. M. Haney, secretary-treasurer, Dee Norwood and R. H. Nichols were designated at the luncheon of the club at the Presbyterian church Tuesday as delegates to the district convention of the International Rotary Club at Galveston. They expect to leave Saturday, breakfast with other delegates in Houston Sunday morning, and go from there by boat to the convention city. The convention will be held Monday and Tuesday.

One of the most interesting features in the business of the session will be the election of district governors for the three districts of the state. At present the 13th district comprises the whole state, but effective July 1 the state will be divided into the 41st, 47th and 48th districts. Vernon will be in the 41st district in which is included most of the counties in northwest Texas.

Routine business was also transacted at the meeting here, and an entertainment program was rendered by Mr. and Mrs. E. H. Martin and Mrs. George Wilmoth. Mr. and Mrs. Martin sang and Mrs. Wilmoth read.

JUNIOR HIGH MOTHERS TO HOLD MARKET HERE

A Saturday market will be held Saturday afternoon at the Piggy Wiggly store by mothers of pupils in the sixth grade of the Junior high school. The proceeds of the market will be used to improve the grounds of the building. The following are in charge: Mesdames Homer Rogers, B. A. Williams, A. N. Vernon, W. N. Stokes, John Brown, L. O. Cole, George Carpenter, W. T. Lofland, Albert Jones.

Noble Well Flows at Rate of 150 Barrels Per Day Through 1,800 Feet of Water When Let Loose

Packer Reset in Gulf Well and Test Made Ten Feet Deeper—Key No. 1 Waggoner, Section 39, Strikes Heavy Gas at 1,070

The Noble No. 1, Waggoner, section 32, block 4, H. & T. C., eight miles southeast of the South Vernon field at Rock Crossing on the north bank of Beaver Creek, which has been shut off since it blew in and flowed over the crown block over a week ago, was turned loose for a short while Tuesday and Tuesday night and flowed its pit full twice, making 150 barrels in 24 hours through 1,800 feet of water. Just how much the well will produce when it is allowed to flow freely, oil men are not prepared to say, but they are unanimous in their opinion that it will show to be a good well.

Levy No. 1, Waggoner, section 65, block 14, H. & T. C., three miles east of the field, is pumping at 162 barrels, and a location has been made for No. 2 Waggoner offsetting No. 1. Gulf No. 1, Waggoner, section 50, block 14, H. & T. C., five miles east of the field, has drilled ten feet deeper in the 1,289-foot sand, the packer has been reset and another test is being made.

T. A. Key et al, No. 1, Waggoner, section 39, block 14, H. & T. C., struck a heavy gas at 1,070 feet. Drilling has been stopped and tests are being made to find out what is there. Hoffer No. 1, Waggoner, section 49, block 14, H. & T. C., is running pipe on the bottom and drying up the hole at 1,360 after striking a water sand. Levy No. 1, Waggoner, section 56, block 4, H. & T. C., is drilling at 1,590 feet.

In the South Vernon pool McCamey-Sheerin-Lacey expect to make completions possibly by the end of the week on their No. 5 Stephens, drilling at 1,230 feet, No. 11 Stephens at 1,260 feet, and No. 3 Richardson at 1,050 feet. They are rigging up for tests on No. 6 Richardson and No. 10 Stephens, the latter to offset the Staley-Winn No. 2 Stephens brought in early in the week.

South Vernon Oil Company has skidded a derrick for a 2,275-foot test on its No. 17 Stephens, and building derricks on its No. 15 and 16 Stephens. The drilling contracts of the latter two have already been let. Location is being made for the company's No. 18 Stephens. No. 13 and 14 Stephens are drilling.

C. M. Roots is building a stand and derrick in section 52, block 14, H. & T. C., J. W. McCrary lands, and the Texas Company is rigging up in section 59, block 14, H. & T. C., Owens estate. Work on building derricks has been hindered considerably during the week because of a shortage of suitable lumber. According to statements from oil men, the unusual activity of the past month has caused a general run on the derrick lumber in all the lumber yards in Vernon and Electra.

The most general interest of the past few days has been centered around the wells brought in and drilling in what until a short time ago was considered wildcat territory in Waggoner's pasture. There are 65 derricks built or contracted to be built within 30 days on Waggoner land in Wilbarger county. Twelve are on locations made since the bringing in of the Gulf wells three weeks ago. Of the derricks, 64 are standards and one a rotary. The Waggoner interests are running a water line from Rock Crossing to the Levy field in section 65, and are building two dams on Beaver Creek to furnish water for drilling.

The latest locations reported are Consolidated Oil Company, putting a 3,000-foot test in section 9, block 1, H. & T. C., in the southwestern part of the county, a 2,200-foot test in section 14, block 4, H. & T. C., just north of Beaver creek near the eastern county line, and two 2,200-foot tests on Waggoner land in Baylor county in sections 62 and 63, T. & N. O. survey; and E. Eslick et al, putting a 2,200-foot test in section 53, block 2, H. & T. C., about two miles west of the old Sigler well. All the locations are on Waggoner land.

Returns From Meeting.

G. E. Zachry returned Tuesday afternoon from the state spring meeting at Fort Worth of the Poultry, Butter and Egg Dealers Association. The convention was begun Monday and lasted through Tuesday morning. Large dealers in produce were present from New York, Boston, Chicago, St. Louis and other eastern and middle western cities.

SENIOR PLAY TO BE GIVEN TONIGHT

SAID TO BE GREATEST ATTRACTION OFFERED PUBLIC HERE THIS SEASON

Final preparations for the senior class play, "Happiness," which will be presented tonight at eight o'clock at the high school auditorium, have been made. Acting, costumes, scenery and settings have been perfected and everything is in readiness for the showing, which, it is indicated, will be attended by a packed house.

At a dress rehearsal last night, a number of visitors and friends of the high school were unanimous in their opinion that the presentation would be the greatest attraction offered the public in Vernon this season and would far outshine any of the past efforts of senior classes.

Under the direction of Wilton W. Cook, professor of English at the high school, senior class sponsor and formerly talented actor with a high class stock company, the cast has developed with a wonderful precision and is sure to please the most critical audience. The Irish witticisms with which the play abounds, difficult for trained actors to render effectively, have been mastered and will be the cause of much laughter.

The advance seat sale begun Monday has met with great success. There are, however, it is announced by those in charge of the sale, a few good seats left which will be disposed of at the auditorium just before the show.

The J. Hurler Manners comedy will be presented in four phases. The scenes: Phase the first, looking forward. The action passes in Mrs. Chrystal-Poles apartment in New York. The curtain will fall for a few seconds to suggest the time taken by Mrs. Wreay to arrive from Brooklyn.

Phase the second, the cry of youth. The same. A week later. Phase the third, pressing on. Mrs. Wreay's lodgings in Brooklyn. Eighteen months later.

Epilogue, happiness. At Madame Epinard's. After many years.

The characters in the play. Philip Chandos.....Theron Staley Fermany MacDough Amber Robinson John Scowcroft. Robert L. More, Jr. Mrs. Chrystal-Pole. Helen Williams Miss Perkins.....Lena Tolbert Mrs. Wreay.....Vivian Stokes An Applicant.....Whina Curtis Jenny.....Freda Williams Waiter.....Robert L. More, Jr. Maid.....Vivian Stokes Vocal solo, Miss Georgia Castlebury Reading.....Mrs. Leon H. Brown Music by high school orchestra. Costumes are furnished through courtesy of Anderson Dry Goods Company and furniture through courtesy of Hawkins-Williams. Stage setting from Wm. Cameron Lumber Company.

Class sponsors, Wilton W. Cook, Mrs. R. L. More; president, Ambers Robinson; vice president, Ruth Sewell; secretary-treasurer, Adele Housels; publicity manager, Robert Sherrill.

Pre-Easter Revival at Christian Church Here Beginning March 22

Announcement is made of a one-week pre-Easter revival to be held at the Central Christian church here beginning Sunday, March 22, and closing Sunday, March 29. Rev. R. A. White, of Chicago, will assist Rev. L. P. Kopp, the local pastor, in conducting the services.

Mr. Kopp stated that this revival will be held in keeping with the annual custom of Christian churches in the country. Last year he said there were 97,000 persons received in the churches during the pre-Easter revivals, and that this year over 100,000 additions are sought.

SHEET METAL WORKS OPENED ON FANNIN STREET

Announcement is made of the opening of a sheet metal works in the Swartwood building on Fannin street by R. V. Parr and Tom Conger. Second hand furniture will be handled in addition to the metal business.

Mr. Conger has been in charge of the tin shop of Swartwood & Company hardware establishment here for a number of years. Mr. Parr had been for a number of years in the furniture business here.

Famous Dog Here Monday in "Light House by the Sea"

Rin-Tin-Tin and Louise Fazenda—that's the usual starring team that heads the cast of "The Lighthouse by the Sea," the Warner adaptation of Owen Davis' popular stage play, which will begin a two days' run at the Pictorium Theater on Monday.

The picture cannot fail to have an abundance of rapid-fire thrills and dramatic action with these players interpreting the leading roles. Inasmuch as Rin-Tin-Tin's triumphs in "Where the North Begins," and "Find Your Man" speak more than highly for him, and Louise Fazenda's long record of laurels has given her an enviable niche in the hall of fame. Both stars are noted for their athletic prowess, and Mr. Davis' story, which concerns itself with the terrific struggle between lighthouse keepers and bootleggers, with a score of revenue officers and cut-throats to furnish additional thrills, represents one would imagine, the ideal vehicle for such ability.

"Buster" Collier, Jr., Matthew Betz, Douglas Gerrard and Charles Hill, Mailes support Rin-Tin-Tin and Louise Fazenda in "The Light-

house by the Sea," which was directed by Mal St. Clair. Universal's famous Ranch Riders have spectacular participation in "The Ridin' Kid From Powder River" Hoot Gibson's latest production which will be shown Saturday. Historical episodes in the settlement of the Southwest were made the inspiration of the screen story. Hoot is supported by Tully Marshall, Gladys Hulette and Walter Long among others. The picture was filmed on the edge of the Moave Desert in and near Lone Pine, Calif., one of the few typical cow towns left in the land.

Today for one day's run, "What Shall I Do?" is being featured at the Pictorium. A story of a young mother, fighting for her baby's life and her own existence, single-handed in the world that debiles her, the fight to earn an honorable living.

Recruiting Campaign on for C. M. T. Camps in Eighth Corps Area

Young men from Texas, Oklahoma, Colorado, New Mexico and Arizona, the states comprising this corps area, this summer will be trained in six citizen military training camps located at Fort Sam Houston, Fort Crockett and Fort Bliss, Texas, Fort Sill, Oklahoma, Fort Logan, Colorado, and Fort Huachuca, Arizona, according to announcement made at Fort Sam Houston. The camps will last for 30 days and commence on July 25. The recruiting campaign for the camps is now on.

According to the announcement the transportation of each man who is accepted is paid by the government from his home to the nearest camp, and, when the camp is over, back home. All camp, clothing, food and quarters are provided also without cost to the applicant. The government pays all the bills.

The purpose of the citizen military training camps is to furnish young men a month's free outdoor training, with plenty of athletics, recreation and instruction in citizenship, and to make them better citizens, morally, mentally and physically. All interested are urged to write to the C. M. T. C. Officer, Eighth Corps Area, Fort Sam Houston, for application blanks, as applications will be accepted in the order in which they are received.

New Method Heals Pyorrhea

Ten Year Bad Case Completely Healed in a Short Time
Writes Florida Woman

Faced with the loss of her teeth, after 10 years' suffering, Mrs. M. J. Travis, an esteemed resident of Jacksonville, declares she finally saved her teeth by a simple, home treatment. "I found his weight in gold," using her own words. "After having pyorrhea for 10 years my mouth is now healed. Before I found out differently, I was told there was no relief and had yielded to the loss of six fine solid teeth. Then I discovered Moore's pyorrhea treatment. Three days after starting it the soreness left my gums; my teeth began to tighten. Now my teeth are clean, my breath sweet, and my mouth completely healed."

The experience of Mrs. Travis is duplicated in hundreds of other cases. In pyorrhea, your teeth are in danger. Quick and effective treatment is necessary. You can test, without money risk, the treatment used by Mrs. Travis. Simply write the Moorman Co., 229 Gateway Station, Kansas City, Mo. Under their guarantee of refund, send two dollars. Or, pay postman the \$2 with a few cents postage. Use the treatment 7 days. Then if you are not wholly satisfied, write to that effect and your \$2 will be returned at once.

FULL CAR LOAD OF

New Model Overlands

FOUR CYLINDERS AND SIX CYLINDERS

Be Sure and See the fine new OVERLAND

WITH SIX CYLINDERS

SENSING a definite need in the world for a six-cylinder car better than the common run of six-cylinder cars—and knowing that thousands of people would welcome a very unusual Six at a very unusual price—Overland rightly decided to build a six-cylinder Overland.

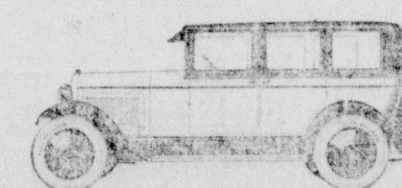

Starting with a great aim, a great goal, Overland engineers have produced a great Overland Six. It is a car you can study from the outside in, or from the inside out—and find only the finest of quality in both material and workmanship. It is at once a credit to the engineers who built it and a credit to the people who are buying it.

The new Overland Six is presented in two charming body styles. On a chassis so strong and so well-designed that it will undoubtedly give chassis hints to many builders for next year. And with a six-cylinder engine that already has the engine experts of America taking notes for future reference.

The public is giving the new Overland Six a pronounced buying welcome—and the very spirit of the public's reception of this car shows better than anything else that Overland was right in building a Six—and above all, right in the Six it has built!

The new Overland Six is a new-day achievement in quality and a new-day achievement in price. It is a whale of a car on a happy-sized wheelbase—which is long enough for lengthy beauty and easy riding, and at the same time short enough for easy handling and easy parking.

And, wait—just wait—till you get an Overland Six out on the road, doing what you've always wanted a car to do!

The De Luxe Sedan

Here is a beautiful specimen of motor car architecture. The luxurious coachwork of the new Overland Six Sedan

stands as a criterion of all motor car coachwork. A smart streamline body belted at the waistline by a custom-designed beading. Finished in a beautiful color duet—Peacock Blue below the belt and dust-proof Grey above the belt. Nickel radiator. Heavy crown fenders. Fisk balloon tires. The interior of the body is exceptionally roomy—and richly upholstered in luxurious Baker Velour, noted for its softness, sheen and long-wearing qualities. A motor car in which quality is eminently higher than price.

A Bank Account Is a Confidence Builder

A Bank Account inspires confidence on the part of the owner's friends, his business associates and his creditors. This in itself is sufficient recommendation.

But, better still, a bank account raises its owner in his own estimation so that he is quite likely to do better work and aspire to higher things.

These arguments can not be refuted. If you have no account and will try the experiment, YOU'LL BE GLAD YOU DID.

BETTER PAY FOR LAWMAKERS

The President has signed the bill increasing the pay of members of Congress, cabinet officers and the Vice President. There will be those who will find some difficulty in trying to square the approval of this bill with the demand of Mr. Coolidge for rigid economy and still more economy in handling the government finances.

But a little honest consideration of the question should dispel any doubt as to the proper answer. Low pay does not always mean economy. On the contrary it is more likely to encourage and produce waste and extravagance than reasonable compensation. No one who carefully considers the demands of holding office in Washington as a Senator, Congressman, Vice President or cabinet member, can logically argue that \$10,000 a year is excessive pay for Congressmen and Senators or that \$15,000 is too much for cabinet members and the Vice President.

Of course, we do not always send our highest and most capable men to Washington, but one of the reasons is that the type of man we ought to have represent us in the government service can earn a great deal more than we have been paying our public servants. Campaigning for office under our direct primary system is expensive. If a Congressman or Senator is able to wage a successful campaign on less than a year's salary he is fortunate. Cabinet officers are called upon to entertain representatives of foreign governments, and the shame of it has been in the past that the richest country on earth compels its representatives in the intercourse between nations to pay the bulk of their legitimate and proper expenses out of their own pockets.

The President did well to sign this measure for increasing salary to elect men worthy of the pay decent salaries to public officials and then have intelligence enough to elect men worthy of the pay they receive. One of the most disgraceful things in the public service in the state of Texas is the niggardly pay of our constitutional officers. Most people complain that we get poor service from our legislature and other branches of the state government, but as a matter of common honesty we get better service than we pay for.

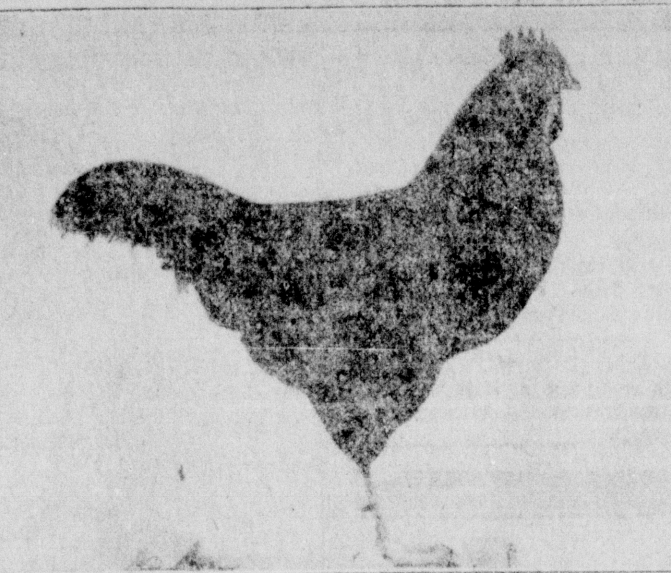

A PLAIN MESSAGE FROM A PLAIN MAN.

President Coolidge has again demonstrated his sanity and simplicity. His inaugural address was not one which was especially stirring. He has none of the graces of the orator and makes no effort at fine writing or fine speaking. He is no grandstander. The plaudits of the crowd seem to be matters of supreme indifference to him.

He is not the great arouser of enthusiasm that Roosevelt was nor the great inspirationalist that Wilson was. He is just a plain, hard-headed Yankee. His address on the occasion of his inaugural revealed all these characteristics. He spoke plainly of the need of economy and the elimination of waste in the public business. These are subjects which are not calculated to arouse the enthusiasm of the people, but they are mighty interesting to the people who are anxious to see the country go ahead on a safe and sound basis.

His recommendations were few and simple, but they carried a heavy freight of common sense. After all, there is nothing mysterious about the proper administration of the government's business. There is no special formula for restoring and maintaining the prosperity of the country. The best guaranty of stability of the economic structure of the country is to confine the efforts of the government to seeing that every man has a fair chance and that he shall receive the rewards of his labor and intelligence, and to collect only such revenues in the shape of taxes as are absolutely

necessary to the rendering of legitimate government service. He also emphasized the need of higher respect for the law. He spoke of property rights, only as they are related to personal rights and then reminded the country that the only safeguard of liberty and property is the law.

According to Calvin Coolidge that is about all there is to the business of running a government of a free people. It's a simple definition from a man of the utmost simplicity, but it is one that the country will do well to learn more about during these next few years.

New Way to Quickly Stop Dangerous Cough

It is almost criminally careless not to properly attend a persistent cough, which by seriously weakening the system lays you open to far more dangerous infections. For by a very simple treatment you can stop the coughing spells almost instantly and often relieve the stubbornest cough in 24 hours.

This simple treatment is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The prompt relief of the heaviest cough seems almost magical.

The prescription is highly recommended for coughs, chest colds, hoarseness and bronchitis, and is wonderful for children's coughs and asthmatic cough—no opiates or other harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for Dr. King's New Discovery.

What to Do For A Persistent Cough

Everybody knows how foolish and dangerous it is to let a cough hang on and on. The proper thing to do is to stop it—quick—and for this purpose there is nothing better than that great old home remedy that our parents and grandparents used so successfully—Dr. Bell's Pine Tar Honey. It often relieves a severe cough overnight. Doctors say there is really nothing like pine tar to quickly loosen and remove the phlegm and congestion which are the direct cause of the coughing, while the honey not only gives a pleasant taste but helps soothe the soreness and irritation. But be sure you get the genuine Dr. Bell's Pine Tar Honey and not some substitute. Dr. Bell's is the original, and has been known for many years as the best. It is scientifically compounded of just the right proportions of pine tar, honey and other quick-acting ingredients, which the best doctors have found to aid in bringing quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—fine for spasmodic croup. If you want the best home remedy in the drug store, get Dr. Bell's. 30c at all good druggists.

THE STATE OF TEXAS

To the Sheriff or any Constable of Wilbarger County, Greeting: You are hereby commanded to cause to be published once each week for a period of twenty days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Wilbarger County, a copy of the following notice:

THE STATE OF TEXAS. To all persons interested in the estate of S. F. Reeder, deceased. Mrs. Anna A. Reeder, administratrix, has filed in the County Court of Wilbarger County an application for an order to sell the following property of said estate, situated in Wilbarger County, Texas, to-wit:

The East 200 acres of Section No. 32 in Block No. 14 of the H. & T. D. Ry. Co. Surveys, which will be heard at the next term of said Court, commencing on the first Monday in May, A. D. 1925, at the Court House thereof, in Vernon, Texas, at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so. Herein fail not, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court at office in Vernon, Texas, this 6th day of February, A. D. 1925. MRS. J. A. WALKER, Clerk. District Court, Wilbarger County, Texas. By Daisy Belle McDonald, Deputy. 16-3p

THE STATE OF TEXAS

To the Sheriff or any Constable of Wilbarger County, Greeting: You are hereby commanded to summon Leola Brandon by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be no newspaper published there, but if not then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Wilbarger County, to be held at the Court House thereof, in Vernon, Texas, on the 4th Monday in March, A. D. 1925, the same being the third day of March, A. D. 1925, then and there to answer a petition filed in said Court on the 10th day of February, A. D. 1925, in said suit, numbered on the docket of said Court as No. 3815, wherein Sam L. Brandon is Plaintiff, and Leola Brandon is Defendant, and said petition alleges:—

Plaintiff alleges residence in State a year and in County six months and that on or about 22nd day of February, 1924, in Wilbarger County, Texas, Plaintiff was lawfully married to defendant, then a single woman; that they continued to live together as husband and wife until on or about the 14th day of May 1924, when by reason of cruel and harsh treatment and improper conduct of defendant toward Plaintiff, he was compelled to permanently abandon her and they have not since said time lived together as husband and wife.

Plaintiff alleges that during the time that he and defendant lived together as aforesaid, he was kind and affectionate to her and provided for her support and maintenance, but defendant, unmindful of the duties and obligations of her marital vows, about two months after their said marriage, began a course of unkind harsh cruel neglectful and tyrannical conduct toward Plaintiff until he was forced and compelled to honor and safety to permanently abandon her as aforesaid, it being evident that their living together as husband and wife was impossible and intolerable; that on or about the said 14th day of May 1924, he cruel and abused Plaintiff without cause and became enraged, threatened to kill and did try to kill Plaintiff by shooting at him with a pistol, and that defendant's action toward him generally was such as rendered their living together as husband and wife impossible and intolerable; that said marriage relation did exist.

Wherefore Plaintiff prays the court the defendant to answer herein, that for citation in terms of law requiring upon hearing of her the judge of said court to dissolve said marriage relation, for costs of suit and general relief.

Herein fail not, but have you before said Court at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Vernon, Texas, this 10 day of February, A. D. 1925. MRS. J. A. WALKER, Clerk. District Court, Wilbarger County, Texas. 12-4c

THE STATE OF TEXAS

To the Sheriff or any Constable of Wilbarger County, Greeting: You are hereby commanded to summon H. F. Webb by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be no newspaper published there, but if not then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Wilbarger County, to be held at the Court House thereof, in Vernon, Texas, on the 4th Monday in March, A. D. 1925, the same being the 2nd day of March, A. D. 1925, then and there to answer a petition filed in said Court on the 10 day of February, A. D. 1925 in a suit, numbered on the docket of said Court as No. 3815, wherein Minnie Mae Webb is Plaintiff, and H. F. Webb is Defendant, and said petition alleges:—

Plaintiff alleges residence in State a year and in County six months and that on or about the 29th day of September, A. D. 1914, in Snyder, Texas, she was lawfully married to the defendant; that they continued to live together as husband and wife until on or about the 10th day of January, A. D. 1925, when by reason of the cruel, harsh, and tyrannical treatment and improper conduct of defendant toward Plaintiff she was forced and compelled to permanently abandon him, since which time they have not lived together as husband and wife.

Plaintiff alleges that during the time that she and defendant lived together as aforesaid, she was kind and affectionate to him, attended to the household affairs with care and devotion, was kind, affectionate, honest, and industrious, but defendant, unmindful of his marital vows about two years after their said marriage began a course of cruel, harsh, neglectful, careless and tyrannical conduct towards her, began drinking to excess, and became extremely abusive and finally would apply to Plaintiff the vilest and most opprobrious epithets, all without any cause on the part of this plaintiff whatsoever; that on or about the said

10th day of January, 1925, Plaintiff having grown weary in his abuse and more debauched in his excessive drinking of intoxicating liquors, cursed and abused her, called her a God Damned Bitch, told her to go to Hell when she would plead with him to desist, in such conduct and language and threatened personal violence to her if she did not leave, and she in fear of personal harm was forced and compelled to leave him and that they have not since said time lived together as husband and wife; that said marriage relation still exists; that Plaintiff's maiden name was Smith.

Wherefore Plaintiff prays that defendant be cited to appear and answer herein as the law directs; that said marriage relation be dissolved; that she be restored to her maiden name; for general and special relief together with all costs of suit; and for all of which she will in duty bound ever pray.

Given under my hand and the Seal of said Court at office in Vernon, Texas, this 10 day of February, A. D. 1925. MRS. J. A. WALKER, Clerk. District Court, Wilbarger County, Texas. 12-4c

The turn in men's clothing styles has come

Everybody was expecting it. The sombre, heavy colorings and the old cut of the garment couldn't be excused any longer.

And now what a welcome change! And how the makers of SOCIETY BRAND AND ADLER COLLEGIAN CLOTHES are showing what art in clothing really is. Such easy-draping lines, full of style and refinement, are a revelation; and the colors—pastel shades of lavender, blue, tan and grey. No wonder the best dressed men of Vernon are coming in every day to pick their new Spring clothes here.

A. & M. STUDENTS MAIDS AND VALETS TO ANIMALS

College Station, March 6.—Acting as valets and maids to the kings and queens of the stanchions, the sties, the paddocks and the folds is the chief occupation of the seniors and juniors of animal husbandry at the A. & M. College these days as they diligently manure horns and hoofs, scrub, curl, trim and braid hair and otherwise primp and prink the dumb brutes so that they will catch the eye of the judges in the Fat Stock Show at Fort Worth next week and get their share of the gaudy blue, red and white ribbons that will be distributed. Fitting for show is one of the chief parts of the course in livestock production and for that reason the college follows the custom of exhibiting at the Texas and national shows. Enough money has always been won to pay the cost of showing. About 75 head will be shown this year.
